

Victoria Lamy

Software Engineer

Profile

Enthusiastic and dedicated software engineering student with 10 years of hands-on experience in debugging, device repair, and troubleshooting. Highly skilled in identifying hardware and software issues and delivering effective solutions. Proven ability to learn new technologies quickly, with a strong passion for coding and problem-solving. Seeking to apply my technical skills and analytical mindset to a software engineering internship, where I can contribute to development projects and further expand my knowledge in software development and engineering practices
